WORK EXPERIENCE

Automaton Cloud Consulting Pvt. Ltd.

Oct. 21 – Dec. 22

Software Engineer

Chennai, TN

- Automaton Cloud Consulting pvt. ltd. has a LMS platform.
- I predominantly worked on the LMS platform and also worked as an outsourced party (by the company) on another application for a few months.
- Design, code, deploy front and back end applications. I built reusable components from scratch, wrote and tested the Rest APIs.
- Fixing bugs and improving the features.
- Developing and maintaining the servers and databases for the application.
- Supervising interns.
